“Effects of Domestic Violence on Children”

2CME DV or 1CME Diversity

2CLE General – FL

This presentation is a discussion on the effects on children who have witnessed violence at home – what is the impact, assessing the impact and how they can be helped to heal the damage. The presenter also discusses how cultural differences may impact issues related to domestic violence and how family members react to domestic violence as a result of their various cultural backgrounds.

Topics discussed:

- Awareness of children of domestic violence incidents in their homes
- Effects of domestic violence on children and risk factors
- Co-occurring issues
- Children’s response and involvement to domestic violence incidents
- Children’s relationship with both parents – the victim and the batterer
- Children’s resiliency
- Diversity and cultural matters in homes with domestic violence
- Power and Control Wheel
- Mediating when Domestic Violence / Control exists
- Florida statistics and programs
